Hall Management SaaS - Recommended Navigation Flow Chart

Open the SVG version for the full visual flow chart. This PDF companion summarizes the same approved structure.

Workspace

- Dashboard: Daily overview, attention needed, quick actions
- Calendar: Availability, holds, full dates, Google sync
- Events: Event records, clients, status, files, PDFs
- Kitchen: Today, This Week, 4 Weeks, prep and workers
- Menu: Items, packages, add-ons, quantity rules
- Clients: Client portal, events, payments, documents

Operations

- Dining Manager: Seating, tables, waiter count, dining sheet
- Hall Room Map: Layout editor, room objects, hall presets
- Billing: Transactions, invoices, event billing, payment emails
- Reports: Revenue, booking, hall, kitchen, payment reports

Office

- Staff: Workers, roles, schedules, assignments
- Vendors: Vendor directory, services, costs, contacts
- Settings: Platform, halls, roles, access, integrations

Core Workflows

- Booking Flow: Calendar -> New Booking -> Event Record -> Menu / Package -> Invoice / Payment -> Google Calendar -> PDFs
- Kitchen Flow: Confirmed Event -> Menu Quantities -> Kitchen Dashboard -> Worker Assignment -> Item Status -> Kitchen Sheet PDF
- Billing Flow: Event Balance -> Invoice -> Payment Email -> External Payment Link -> Staff Confirmation -> Transaction Review -> Status Update
- Dining & Layout Flow: Select Event -> Load Hall Map -> Adjust Seating -> Set Waiters -> Save Setup -> Dining Sheet
